P'Tit bonheur's ...

⇒ To come : information clip of our services of the P'tit Bonheur! Madame Emilie Picarou of the CSSS approached both P'tit Bonheur de la Baie and asked us for our participation for the realisation of an informative clip to be presented to the families of maternity.

⇒ The operation Christmas baskets 2012 helped 116 children and 307 adults that benefited from a box of food and a gift for each family member. A big thank you to all the community for this beautiful collective project!

⇒ **Happy Valentine's Day!!!!!!!!!!!!**

Don't forget that there are no bad questions or concerns except those not asked!

What is the P'tit bonheur?

Respite baby-sitting 0 to 3 months (for everyone) and from 3 to 12 months (in particular situations) :

We all know that having children is not always easy, so a respite is a solution for you. A volunteer goes to your home 3 hours a week to look after the children. During this time you can do your errands, have a rest and take time for yourself.

Téléphone chats and technical advice :

You are having problems and want to talk about them, don't hesitate to phone. I'll be there to listen.

Rental of baby equipment, or support in looking for equipment :

We have a large selection of equipment for children. Sometimes we receive equipment from people in the community, which we give to families. The equipment rental service allows your children to have safe equipment at a low price.

Y Supply of clothing for babies and small children during emergencies and difficult situations :

Once a month, we organize a clothing counter based on donations we've received. This is a free service held in the basement of the Volunteers Centre. Also

during difficult situations we supply diapers, milk and baby food.

Medical and/or social accompaniment on referral :

If you don't have a car, you or your child have to go to a doctor or the day-care center, we offer an accompaniment service given by volunteers. To receive the service of medical accompaniment, if you are on social welfare, you need authorization from the Centre Local d'Emploi, and the parent pays part of the cost. For and accompaniment to day-care we need a reference from the CLSC or another organization.

0 to 6 year old - Spread the joy of reading...

FUN

⇒ January 27, was a day for family literacy. I would like to remind you to take the time each day to read with your children. Even if only for a brief period of 15 minutes, it can help them to perfect themselves above their ability in reading and writing.

⇒ Watch for PAELE. These are time capsules of information that have been made and filmed in our beautiful Baie-des-Chaleurs!
